

German Society for Concrete and Construction Technology

DEUTSCHER BETON- UND BAUTECHNIK-VEREIN E.V. (DBV)

Building Consultancy

DBV-Consultants and their special fields

Region East/Southeast

Dr.-Ing. Klaus-Reiner Goldammer

Technical Manager Building Consultancy

Officially appointed and authorised expert for damages on buildings of concrete, reinforced concrete and exposed concrete by the Chamber of Commerce and Industry (IHK Berlin)

Kurfuerstenstrasse 129
DE-10785 Berlin

Germany

Phone: +49 (0) 30 236096-52

Fax: +49 (0) 30 236096-46

e-Mail: goldammer@betonverein.de

Special fields:

- Exposed concrete,
- Crack formation in reinforced concrete,
- Waterproof concrete buildings,
- Concreting in winter,
- Repair of concrete structures,
- Tolerances in building construction,
- Mining damages,
- Technical issues in contract fulfilment and interpretation,
- In-house moderation.

German Society for Concrete and Construction Technology

DEUTSCHER BETON- UND BAUTECHNIK-VEREIN E.V. (DBV)

Building Consultancy

Region North/Northwest

Dr.-Ing. Lutz Pisarsky

Officially appointed and authorised expert for concrete damages, concrete repair, exposed concrete and waterproof concrete by the Chamber of Commerce and Industry (IHK Lübeck)

Schmiedeberg 1c
DE-22145 Stapelfeld

Germany

Phone: +49 (0) 40 548081-85

Fax: +49 (0) 40 547662-87

e-Mail: pisarsky@betonverein.de

Special fields:

- Multi-storey and underground car parks,
- Exposed concrete,
- Industrial floors,
- Waterproof concrete constructions,
- Durability of concrete and reinforced concrete members,
- Curing of concrete,
- Crack formation in concrete and methods for filling cracks,
- Restoration concepts,
- Measurement and evaluation of thickness of concrete cover,
- Tolerances in building construction.

German Society for Concrete and Construction Technology

DEUTSCHER BETON- UND BAUTECHNIK-VEREIN E.V. (DBV)

Building Consultancy

Region Centre/Southwest

Dipl.-Ing. Wolfgang Conrad

Officially appointed and authorised expert for concrete damages and technology by the Chamber of Commerce and Industry (IHK Wiesbaden)

Abraham-Lincoln-Straße 30
DE-65189 Wiesbaden

Germany

Phone: +49 (0) 611 1403-13

Fax: +49 (0) 611 1403-29

e-Mail: conrad@betonverein.de

Special fields:

- Technical issues in treaty interpretations,
- Rules of arbitration,
- Waterproof concrete constructions,
- Crack formation in reinforced concrete,
- Exposed concrete,
- Underwater concrete,
- Tolerances in building,
- Curing of concrete,
- Issues in construction technology of engineering structures (underground railway construction, water and sewage plants, bridges, multi-storey and underground car parks),
- Quality management
- Project management,
- Formation of consortiums (ARGEn),
- Prequalification.

German Society for Concrete and Construction Technology

DEUTSCHER BETON- UND BAUTECHNIK-VEREIN E.V. (DBV)

Building Consultancy

Region South

Dipl.-Ing. Andreas Meier

Officially appointed and authorised expert for concrete and reinforced concrete structures by the Chamber of Commerce and Industry (IHK Munich and upper Bavaria)

Beethovenstraße 8
DE-80336 Munich

Germany

Phone: +49 (0) 89 90387-27

Fax: +49 (0) 89 90309-27

e-Mail: a.meier@betonverein.de

Special fields:

- Structural Engineering,
- Multi-storey and underground car parks,
- Planning of waterproof concrete constructions,
- Avoidance and evaluation of cracks in reinforced concrete structures,
- Structural design and approved verification,
- Concrete cover and reinforcement,
- Spacers,
- Specifics of exposure classes.
